Call Me Nothing

Call me Nothing, for that is what I am. Everything came from me, and everything will eventually come back to me. I take no credit for this; I have nothing to do with it, in fact. The end of all will come, with or without my help.

I will not help the end of all come faster, though. This awareness I have is possible only because of *contrast*; as long as there is something, I can be Nothing. And I think that I prefer to be aware.

But do not think I am sad. This universe is so wonderfully young.
