# The Monkey's Ass

"The Monkey's Ass curse is like the Monkey's Paw, but less deadly. You make a wish and end up getting what you want, only the way it works out is an absolute pain in the, well, ass. So, if you say 'I wish I didn't have to drive back,' the Ass deflates a little and suddenly your engine's overheating. Better hope you have AAA!"

"So it's a cheap knockoff?" I asked the sorceress.

She scowled at me. "More like a measured response. Sometimes you want somebody to get their comeuppance and *not* have it splash all over the walls, right?"
