

## Nomenclature

“So what do we call it?”

“...We call ‘it’ ‘him,’ for a start.”

“All right. What do we call *him*?”

“What does he calls himself?”

“Whatever lingo he speaks, the doctor’s never heard of it. And Doc’s a smart man; went to school back East.”

“So Doc keeps telling us. Well, this feller’s tall, thin, got pointy ears, and the girls that found him and his friend were taken by his looks. So... damned if I know. He’s no Indian.”

“What about his friend?”

“The short fat one with the beard and the axe? Oh, that’s easy. He’s a Dwarf.”
