# Feature, or Bug?

"Have you seen this necklace?" the necromancer burbled happily. I looked more closely. Even through the glass it seemed - *odd.*

"Made by Grimgloom the Unlucky, worst **evil**" - the necromancer coughed, significantly - "necromancer in history. And by 'worst' I mean 'awful at it.' Take this. Grimgloom intended it to permanently curse the wearer by aging him thirty years. Only, he goofed. It just permanently transforms the person to the body they would have at fifty-five, which was thirty years older than Grimgloom at the time."

I interjected. "That sounds like a curse to *me.*"

The necromancer chuckled. "Not if you're ninety."
