

# Hear The Word Of A Lord

There are two hundred and six bones in an adult human body. A *god's* has five hundred and twenty-three. And, as you might imagine, they don't quite fit together the same way that human bones do.

This is sounding macabre already, isn't it? I'm very sorry about that. It's actually not! ...Or, well, it's not **evil**. This is one of the *nice* gods. You'll like Him, once we put Him back together. Everyone will like Him. They won't be able to help it.

No, no, no. There'll be no human sacrifices. I *told* you: He's one of the **nice** gods.
