

It's Better This Way, Really

Every school has a *secret* educational track; it's where you get taught the Hidden Lore. Alchemy, cryptozoology, situational mathematics, pre-Civil War Hectatian history - the classes are small, and not even remotely easy, and the kids taking them would *love* to be in a different track. That's one reason why you don't hear about the courses.

The other reason? Oh, the kids who take them are *different*. If you're reading this, you are absolutely far too *unusual* to qualify. The Hidden Lore is taught only to the most aggressively normal and stolid children. They tried it the other way, once.

Once.
