

Where's the Harm?

When I heard that this cave had the actual Breath of God emanating from it, I was skeptical. But it checked out: smell of sanctity, healing vapors, holy symbols glowing, etc. So I bought up all the land around it.

Yeah, that there's the trick. You don't sell the Breath. You don't sell access to the Breath. You set up charitable foundations (supported by the rich) to get the poor to the Breath, free of charge; and you build awesome luxury resorts, *convenient* to the Breath. *Then* you take your 10%.

Does God care? Well, He hasn't Smote me yet.
