

Delusions

You know: considering how often we're told that humanity is a meaningless speck of self-delusional molecules cast adrift in a hostile cosmos... there's a lot of hyper-cosmic deities coming by, just to mess with us. Not a week goes by that the Department has to prevent a dimensional incursion, or de-summon an Elder God. And they keep trying, too! It's like a metaphysical Grand Central Station out there.

Ever get the feeling that this 'cosmic insignificance' stuff is something Elder Gods just tell humans to keep us from catching on? ...Because I do.

And I think I can prove it.
